

Modroc Bowl

CREATE YOUR VERY OWN
BOWL USING MODROC.

CRAFT PACK

- Mini Tarpaulin
- Roll of Modroc
- Balloon

WHAT YOU NEED FROM HOME/SCHOOL

- Cup of water
- Cup Holder
- Scissors
- Marker Pen
- Paint

INSTRUCTIONS:

Step 1: Fill half a cup with water and put to one side.

Step 2: Blow up your Artburst balloon to **half size** (no bigger) and tie to seal.

Step 3: Place your balloon into the cup holder and secure in place with tape.

Step 4: Using a black marker pen carefully draw a line all the way around the middle of your balloon and put to one side.

Step 5: Get your roll of Modroc and cut into strips using your scissors.

Step 6: Now dip your first strip of Modroc all the way into your cup of water for 3 seconds.

Step 7: Remove the wet Modroc strip from the water and carefully lay it over your balloon, smoothing the Modroc down with your finger, until **all the holes have gone**.

Step 8: Now **REPEAT** this process with the other strips of Modroc, layering the strips in different directions, until the **top half** of your balloon is **completely covered**. Do at least **2 layers of Modroc**, then leave your bowl to **DRY!**

Step 9: To decorate your bowl you can use paint, glitter or sequins to finish off!
